

SCHOLARSHIP QUESTIONNAIRE

Annually the Material Handling Society of New Jersey (MHSNJ) grants a limited number of Scholarships to students majoring in Industrial Engineering, Supply-chain, or Logistics. Selection is based on recommendations from professors and an evaluation of candidates by our Scholarship Committee. This questionnaire will facilitate our selection process.

Students Name & Address:	University, Major, Expected Graduation Date	Professor to contact for Reference

Please answer the following questions?

How long have you lived in New Jersey?

Which High School did you graduate from? When?

Organizations & extracurricular activities in which you actively participate?

Detail your current university curriculum & current GPA?

What is your most interesting area of study & why is it interesting to you? (Less Than 100 words)

Should you be selected for a Scholarship how will it make a difference in your life? (Less Than 100 words)

Ideally what are your future career plans? (Less Than 100 words)

With artificial intelligence becoming more popular and accessible how do you think this will affect the material handling industry? (Less Than 200 words)
